

**The Pennsylvania Immunization Coalition (PAIC) and the PA Chapter, American Academy of Pediatrics (PA AAP) present a live webinar**

**Join us for a presentation and discussion with Gary S. Marshall, MD, FAAP  
“Let’s Talk: From Vaccine to Vaccination – how substances make it from candidate vaccines to products that vaccinate individuals”**

**Wednesday, November 18, 2020**

**12:15 PM to 1:15 PM**

**To register:** [https://www.flipcause.com/secure/cause\\_pdetails/OTk3NzM=](https://www.flipcause.com/secure/cause_pdetails/OTk3NzM=)

Questions in advance? Email us at [awishner@paaap.org](mailto:awishner@paaap.org)

**Presenter:**

**Gary S. Marshall, MD, FAAP** - Chief of the Division of Pediatric Infectious Diseases, Professor of Pediatrics, and Director of the Pediatric Clinical Trials Unit, all at University of Louisville School of Medicine, Kentucky. Dr. Marshall is the author of over 70 original research articles and numerous other abstracts, chapters, and monographs. However, he is perhaps best known for his work in the areas of vaccine development, advocacy, and education, for his book entitled, “The Vaccine Handbook: A Practical Guide for Clinicians” (now in its second edition), and for the widely-distributed periodical, *The Vaccine Quarterly*.

This presentation provides background for providers, practice staff, Medical Reserve Corps volunteers, pediatric and family medicine students and residents, nurses, and others involved with vaccination to understand vaccine infrastructure in the United States. This includes how vaccines are developed and licensed, how recommendations are made, how safety and efficacy are assured, and how safety and impact are monitored after distribution. This information can serve as a foundation for reassuring patients and families that the vaccines they are receiving are safe, effective and important.

**Session Learning Objectives:**

After attending this event, participants should be able to:

- Understand how vaccines are developed and recommended in the U.S.
- Describe the vaccine safety net
- Reassure vaccine-hesitant patients and parents

---

**Credit Designation**

The University of Pittsburgh School of Medicine designates this live educational activity for a maximum of *1.0 AMA PRA Category 1 Credits™*. Physicians should claim only credit commensurate with the extent of their participation in the activity.

Other health care professionals attending this program will receive a Certificate of Attendance confirming 1.0 hours of continuing education in a CME accredited program. For nurses, these hours may be considered eligible for completing the 30 hours of continuing education required for biannual nursing re-licensure in Pennsylvania.
